**NPDES MONTHLY AND QUARTERLY MONITORING REPORTS FOR
BOARD ORDER NUMBER 2000-12.**

Enclosed please find the June 2002 Monthly, Quarterly Toxicity, and Quarterly
Sludge (Biosolids) Monitoring Reports for Board Order Number 2000-12.

Also enclosed find the City of Oceanside's June 2002 Monthly Receiving Water
Report as requested.

The daily maximum limitation for CBOD was exceeded once. The daily maximum
for Suspended Solids was exceeded twice. Please note that monthly averages were
not exceeded. These exceedences are the result of a single operational upset and
are considered a single violation. The exceedences were reported to Mr. Victor
Vasquez from your office.

Corrective action: We have continued to perform analysis on additional monitoring
parameters such as phosphorus, nitrogen, and oxidation-reduction potential
(ORP).

I certify under penalty of law that this document and all attachments were prepared
under my direction or supervision in accordance with a system designed to assure
that personnel properly gather and evaluate the information submitted. Based on
my inquiry of the person or persons who manage the system, or those persons
directly responsible for gathering the information, the information is, to the best of
my knowledge and belief, true, accurate and complete. I am aware that there are
significant penalties for submitting false information, including the possibility of
fine and imprisonment for knowing violations.

Sincerely,

Joel V. Holt
